# MCW Cardiovascular Center's Postdoctoral Fellowship in Cardiovascular Sciences

The Medical College of Wisconsin (MCW) is now accepting applications for the prestigious **NIH CVC's T32 Postdoctoral Fellowship in Cardiovascular Sciences** training program.

Three (3) slots are open and ready to fill beginning July 1, 2022. Diverse applicants are strongly encouraged to apply.

As mentors and experts in your fields, please direct qualified applicants to the CVC's T32 postdoctoral fellowship. The CVC's T32 training program is a great tool for faculty mentors to attract quality postdocs to your lab. Feel free to forward the attached flyer and application.

## training program directors

Directed by **Dr. Ivor Benjamin**, Director, Cardiovascular Center, Professor, Department of Medicine; **Dr. David Gutterman**, Senior Associate Director, Cardiovascular Center, Distinguished Professor of Cardiovascular Sciences; and **Dr. Mary Sorci-Thomas**, Associate Director, Cardiovascular Center, Professor of Medicine, at the Medical College of Wisconsin.

## training program benefits

**Training Areas**:
- Atherosclerosis, Thrombosis, & Vascular Biology
- Hypertension
- Cardiac Biology & Heart Failure
- Precision Cardiovascular Medicine

**Successful Program Trainees Go On To**:
- Publish in high-impact journals
- Receive competitive job offers
- Obtain K and F awards
- Gain independence as cardiovascular investigators

**Successful Program Trainees Go On To**:
- Publish in high-impact journals
- Receive competitive job offers
- Obtain K and F awards
- Gain independence as cardiovascular investigators

**Selected postdoctoral associates will receive** a solid foundation for training through the support of a team of mentors giving structured and personalized guidance, training in core competencies, and the use of individualized development plans

**Eligible postdoctoral associate applicants** must be citizens and U.S. permanent residents (per NIH policy)

**To Apply:** Cardiovascular Center Postdoctoral Fellowship

**Application Deadline:** Always accepting applications

**To Learn More About Milwaukee:** Visit Milwaukee and Why Milwaukee is the Midwest's Coolest (and Most Underrated) City

Thank you for directing your top qualified applicants to the CVC's T32 postdoctoral fellowship. We appreciate you and the important role you play in making this training program a success and most importantly, your role in training the next generation of cardiovascular scientists!

*"I have been a part of two other T32 programs and I have been trained in four different institutions. That being said, I must say the [MCW] CVC training program was by far the most intensive and complete I have ever seen. Overall, this fantastic experience will be instrumental to achieving my final goals."* -- PABLO NAKAGAWA, PHD, PAST FELLOW
